**8.2** Stickers can be collected after submitting the entry form and before the beginning of administrative Checking and Scrutineering, by arranging the collection time with the Organiser.

## IX. RUNNING OF THE EVENT

**9.1.** Start numbers can be collected during Administrative checking. As an option, start numbers can be collected after submitting the entry form and before the beginning of administrative Checking and Scrutineering, by arranging the collection time with the Organiser.

**9.2.** Start numbers must be placed on both sides of the car following the published drawing. Appendix 4.

**9.3.** Starting list will be approved by Stewards, following the list by Organiser.

**9.4.** Starting interval for all drivers is 2 min. In TC0 crews start according to ceremonial start procedure following the directions from marshals, not following the start times on starting list but respecting the starting list order.

### **9.5. Special Stages:**

Special Stages (SS) will be run on closed circuits and public roads. On public roads - only following the traffic laws.

**9.7.** For all crews TC (Time Control) marks are done in Time Control posts, which are marked in the Road Book. If SS is following the Time Control, the Ideal Time to next Time Control is counted from the Real start time of special Stage.

**9.8.** If, in case of accident, medical help is needed, the SOS sign, found in the Road Book, must be displayed to the following 3 crews (the detailed accident procedure can be found in the Road Book).

**9.9.** Any crew which has the red “SOS” sign displayed to them, or which sees a car which has suffered a major accident where both crew members are seen inside the car but are not displaying the red “SOS” sign, shall immediately and without exception stop to render assistance. The second car at the scene shall proceed to inform the next radio point.

**9.10.** In case, after the accident, medical assistance is not required, the green sign “OK”, found in the Road Book, must be displayed to the 3 following crews.

**9.11.** Every car must be equipped with warning emergency sign – red triangle, which, after stopping on SS, has to be placed in the clearly visible manner not less than 50 meters before the stopped car.

**9.12.** Emergency sign must be placed even when the car is parked on the roadside.

**9.13.** The crews retiring from the event must inform Clerk of the Course **Donatas Liesis tel. +370 614 81141** or Chief safety Officer **Romualdas Mažuolis tel.8-615-16238** about the reason for the retirement, place and time. Drivers with disabilities additionally inform Dalia Tarailienė tel. +370 698 85092.

**9.14.** SS start procedure is carried out following T-2016 art. 37.3 requirements: when the car with both crew members is placed on the start line crew hands the time card to the marshal. When there is 30 sec, the time card is returned to the crew and start is given with the flag signal.

When SS start is given by electronic means. 30 seconds before start marshal hands the Time Card to the Co-driver, electronic timer shows hours, minutes and seconds. Last five seconds are marked by 5 red lights and a green light. When the green light lights on the crew must start. If the crew started correctly the green light stays on and the reaction time is shown. In case of false start – “FALSE” is shown on the screen and then the time by which the crew committed false start. Start marshals have to inform crews if the start procedure is not carried out by electronic means.

**9.15.** SS finish can be “wheel base” or “Flying finish”. The type of SS finish will be published in the Road Book. Flying finish – the time is taken when the car passes the red finish signs, where it is forbidden to stop. Results are marked in the Time Card in the marshal post STOP (50-300 meters away). SS finish – “Wheel base”. The result is taken when car crosses the finish line. The car must stop on the finish line – the finish line should be between car’s front and rear wheel axle. If the last condition is not respected, finish is considered to be incorrect and the crew is penalised by 10 sec.

In the regularity SS there is a time margin of +/- 3 sec. After discounting the margin the earlier or late arrival is penalised by 0,1 sec. for 0,1 sec. The crew can’t stop or visibly slowdown in the finish or control post visibility zones. After receiving report from control post or finish marshals with particular infringement and time Stewards will penalise the crew in question.

**There may be “secret” control post along the regularity stages which must be passed without stopping. The regularity zone end will be marked with red finish signs without control post. Crews are not required to stop by this sign. Results of regularity stage will be published at the end of the leg.**

In the Target Time SS – every second that is above the target time will be considered as a penalty

**9.16.** New time cards will be issued at TC0, TC5, TC 8A, TC 12A, TC 15B, TC 21, TC 24A, TC 30  
Earlier arrival is permitted at TC 4A, TC 15A, TC 29A, TC 32A.
