## Welcome to the hottest rally fiesta „Samsonas Rally Rokiškis“

Fifth anniversary „Samsonas Rally Rokiškis“ welcomes all rally fans to Special Stages on August 6 -7. Fastest sportsmen will compete on legendary Special Stages around Rokiškis as well as on brand new and intriguing Special Stages in Zarasai area. Organisers of „Samsonas Rally Rokiškis“ have already surprised with exceptional personalities on Stages before. By the initiative of nominal rally partner Martynas Samsonas such sportsmen like elite of Finish rally Juha Salo or Teemu Asunmaa, goal keeper on Spanish national football team Santiago Canizares or legend of WRC Toni Gardemeister have been competing here. The descent of foreign and Lithuanian stars is expected this year as well.

“Samsonas Rally Rokiškis” will definitely be the hottest summer rally event. Various entertainment and Special Stages full of adrenaline will be waiting for both sportsmen and spectators. And evening concert program is an integral part of the hottest rally fiesta.

“Samsonas Rally Rokiškis” is organised by public institution “Automotoprojektai” established in 2005. Head of company Audrius Gimžauskas – master of automobile sport well known winner and prize winner of many championships. Experience of 12 years in organizing such events as “300 Lakes Rally” and “Samsonas Rally Rokiškis” ensures that spectators and participants will experience best emotions and impressions and will be looking forward to next years’ rally.

## I am waiting for already a traditional event „Samsonas Rally Rokiškis“ impatiently.

Like probably most of you. This year the fifth anniversary event will bring even more novelties. New Special Stages in Zarasai and legendary Special Stages around Rokiškis will allow masters of rally to demonstrate their mastery and spectators to experience good impressions. I am happy with a long friendship with a nominal partner of event Martynas Samsonas thanks to whom we will have a lot of foreign rally masters.

I am grateful to municipalities of Rokiškis and Zarasai, long-term and new partners for cooperation and understanding when organizing “Samsonas Rally Rokiškis”.

Pandemic year was quite a challenge and it did not bypass us either. However, I am happy to have a team which overcame everything and keeps working enthusiastically so all of us would have a possibility to enjoy an exclusive event on August 6 -7.

See you all in the capital of rally – Rokiškis!

**Autosport in Lithuania is on its top despite the more difficult period. We can be happy that situation in Lithuania is one of the best comparing to the rest of Europe.**

Automobile sport becomes a religion No.1 in Lithuania.

Already 5th year in a row manufacturer of sport gearboxes and dampers "Samsonas Motorport" contributes to the promotion of Rokiškis town among rally admirers as the event is listed as one of 9 events to which the company has already contributed. It is nice, that Rokiškis town appreciates this event and enjoys race which has already become a tradition. Event gets together thousands of enthusiasts.

This year rally of Rokiškis spreads towards Zarasai area closer to the region of lakes famous for its curvy and narrow road sections. And so Specials Stages will become more dynamic. Organizers seeking the goal of popularity of this sport branch prove that there are no limits for getting perfect. As every year we will have a lot of foreign guests who won't let local sportsmen to relax.

**We are sure that name of Rokiškis associates not only with cheese  
but with autosport as well**

It is already the fifth time when Rokiškis will become a summer rally capital! On this occasion we kindly invite all fans of adrenaline, speed and amazing views to Rokiškis. Book your time and place! We promise you amazing fight of sportsmen for prize winnings, impressive concert program and firework show.

We invite all guest who visit Rokiškis for the first time (if there any) to explore Rokiškis area with a lot of different tourism news for culture, active tourism and recreation lovers. Don't miss your chance to watch best Lithuanian teams as well as teams from abroad and spend your time meaningfully. We promise it will be worth!  
See You on Special Stages!

Best regards,

## Dear participants, spectators and organisers of “Samsonas Rally Rokiškis”

This year rally will again be held in Rokiškis and Zarasai districts. So our people will also have a chance to watch sportsmen of this extreme sport.

We are grateful to organisers of rally for presenting such an event to enthusiasts of this sport, residents of Zarasai, and guests of this town. I think that participants will love our area, landscape of nature which perfectly fits this race.

I wish beautiful starts, passionate, impressive and determined moments on stages, and safe finish as well to all participants. I wish all spectators to bring home festive mood and unforgettable emotions.

Sincerely Yours and together with you

*Nikolajus Gusevas*

## EXCEEDING OF SPEED LIMIT

We would like to draw your attention that since the moment when every crew gets GPS equipment till the moment when the equipment is returned speed allowance is defined by law for road vehicles on public roads of Republic of Lithuania. Every vehicle will be monitored and controlled. This regulation is not applied during competition on Special Stages. GPS equipment is mandatory during reconnaissance and all the competition.

## RECONNAISSANCE

Reconnaissance is mandatory for all the crews. Testing all the stages will be allowed no more than twice. Speed allowed by law for road vehicles in Republic of Lithuania of every vehicle will be controled during reconnaissance. Speed limit might be reduced by organiser with a help of relevant road signs placed on stages and marked in a road book. All violations made by crew will be traced by GPS system, police officers and official authorities of organisers. Reconnaissance is only possible with vehicles registered at organisers’.

## SHAKEDOWN

Shakedown will be organised on Friday (August 6).

More detailed information on location, time and registration will be published in **Rally Guide 2**.
