

INTRODUCTION

From 2022, Appendix L to the International Sporting Code states that all first-time applications for an International Drivers Licence must complete a Driver Safety Training eLearning module.

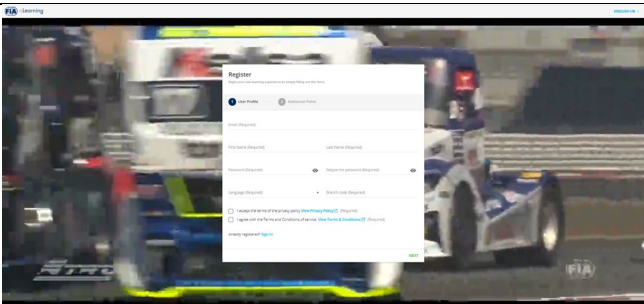

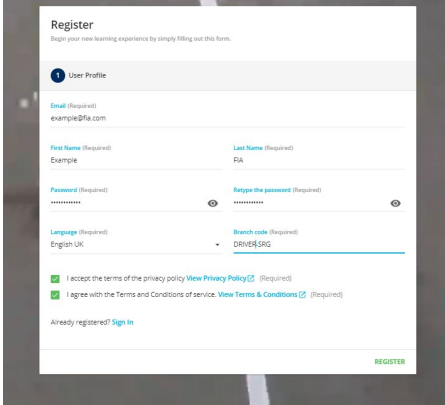

These modules have been designed for first time applicants of an International Drivers Licence **ONLY**. Therefore the requirement to complete these modules does **NOT** apply to anybody who has or has previously held an International Drivers Licence. Additionally, the modules are **NOT** for first time National Drivers Licence applicants or existing National Licence holders who are not progressing to International grade.

It is important that Drivers complete the correct eLearning module as follows:

LICENCE	FIA eLearning MODULE
International Circuit (ITD-C, ITC-C)	Driver Safety Training: Circuit
International Roads (ITD-R, ITC-R)	Driver Safety Training: Roads
International Junior (ITG, ITF, ITE)	Driver Safety Training: Junior

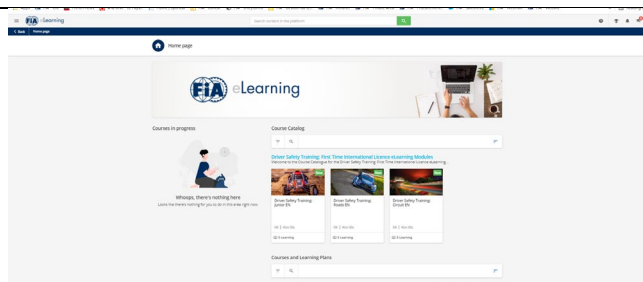

TO ACCESS THE MODULES

You can access the modules from any internet-enabled device; however, we advise against using a mobile phone as detail on some content may be too small to see. We therefore recommend using a tablet device as a minimum, with the best learning experience achieved on a PC/Laptop.
