“RALLY ŽEMAITIJA 2021”
devoted to the memory of the rally organizer Tomas Savickas
(1969 -2019)

Every year the beginning of rally fiesta in Kelme reminds us about the sad loss – the unexpected pass away of the most important „Rally Žemaitija” strategist Tomas Savickas. After bringing a solid rally pilot’s experience, he managed to attract a lot of his friends to rally activities. Thanks to Tomas a small and peaceful town in the outskirts of Zemaitija, has become one of the most important rally centers in Lithuania, where most famous and well known rally stars from Europe come to compete, train and test their cars. „Rally Zemaitija“ so much cherished by Tomas Savickas, greeted Latvian and Byelorussian rally championship caravans, who took back home the best impressions. This year Polish rally championship caravan will come to Kelme region.

T. Savickas gave 19 years(1995-2013)to auto sport and he was not just a statistic element. Tomas became Lithuanian auto rally champion in his class 10 years, he won many rally stages and earned the name of sports master. In 2004 he established a sports club „ Kelme ASK“, became the main organizer and auto sport judge of „Zemaitija Rally“, since 2014 he judged in almost all autosport rally championships, in 2018 he was given a national category.

Rally is your friend

Time flies, it seems that 8th Žemaitija rally fiesta happened not so long ago and it was a magnificent event in Kelme and its surroundings, the 9th fiesta is on the way. It is the time when life in Kelme turns to rally rythm completely and all citizens in town feel as if they are the members of a big rally family. Top level service park, roaring engines and tough competition in speed stages, all these things are worth waiting for and doing the best.

Žemaitija rally this year is different, alongside with technical and compact stages there is a night race, which has been discussed for several years. This year it becomes a reality and we will be able to wach night speed stages. We are servants of autosport and hope that Rally Žemaitija 2022 in memorium of Tomas Savickas will be successful and give lots of good emotions. We have been working on that project for more thah half a year.

Welcome all sportmen who come to uor land to demonstrate their high skills, spectators and guests. Here in Kelme we will start Rally vibe.

II. “RALLY ŽEMAITIJA 2021” PRESENTATION

The best racers from Lithuania and Poland will compete in Žemaitija rally 2022.

Lithuanian Rally championship which has been waited for a long time will start on Lithuanian roads on July 8 in Kelme area. Traditional Žemaitija Rally is the second stage of Lithuanian championship, the competition is also included in Polish rally championship calendar (it will be the 4th Polish championship stage). During the 2 day races about 100 crews are expected.

The Žemaitija rally organizers this year decided to offer the crews and spectators all possible challenges and impressions : speed stage in town, racing in the dark, absolutely night race stage, on the second day the challenge for the racers will be to stay concentrated on long stages. The first season competition will show that it was worth waiting for.

Lots of challenges

Total length of speed stages is almost 114 km. Divided into 14 speed stages , the rally itself looks to be quite intense from start to finish.

The championship start is in Kelme town centre on Friday evening. The crews will move from symbolic ark to the first rally section. On the first rally day there aren't any repetitive speed stages: all 6 speed stages will be done only once on Friday evening and at night.

After three speed stages the crews return to Kelme, where a “winding” town speed race is prepared for the participants. It is not long, no doubt, but the spectators will anticipate for the leaders and the ones a bit slower, whose cars are less powerful.

After the town speed stage, when midnight approaches, the crews, after service break, where special attention is give to lights, go to two last speed stages of the first day.

There is no need to talk about the starts at different levels of ‘dark’ : the 5th rally speed stage starts at 23.45, the first crew finishes Friday on the 6th speed stage, which start is at 23.45. having in mind that there are quite many participants one can imagine when the last crews and devoted spectators will return.

On Saturday all stages twice.

The crews and mechanics will have some time to rest, because Saturday race starts at 10.30. On the second day of competitions there are 4 speed stages , the crews will race each stage twice. Krazierai racing stage on the second day will require some stamina- the longest speed stages are planned for morning (more than 13 and 14 km).

After lunch break rally winners will be defined after 4 speed stages: the crews will race 6 and 8,5km stages twice.

Finish in Kelme is expected at about 18.50.

Who are the favourites?

Last year Žemaitija Rally champion was Vaidotas Žala and Andrius Malnieks crew (Škoda Fabia R5”), they managed to beat Martynas Samsonas and Ervinas Snitkus(“Ford Fiesta R5+”), the third in the race was Vladas Jurkevičius and Aisvydas Paliukėnas crew (“Škoda Fabia R5”).

Dominykas Bulvilas and Renatas Viatkevičius were 4th last year(“Škoda Fabia R5”): they demonstrate the best speed results this year. The winner of Lithuanian rally 2021 Ukrainian Valerijus Gorbanas (“Mini Cooper WRC”) does not participate this year – he is fighting for his country.

Justas Tamašauskas (BMW M3) was the winner last year in 2WD.

Alongside with the strongest Lithuanian rally crews in Žemaitija rally there will be about 30-40 crews from Poland. Though the neighbours have more experience on asphalt stages , they really like Lowland gravel stages ; last year the guests praised the organizers for the roads.

How welcoming Lithuanians are and if they are ready to award the guests with AWD and 2WD cups, we'll see on July 9th evening in Kelme.
